CATHERINE BRUNSON SINGS IN JUDSON XMAS CONCERT

MARION, Ala.—Four musical organizations at Judson College were present at the annual Christmas concert which Judson gave December 16th in the college auditorium, and which featured about 75 students in Christmas songs.

A principal feature of the program were selections by the cathedral choir, of which Catherine Brunson of Elba is a member. The choir, whose members were chosen from the Glee Club because of their special singing abilities, sang without the aid of music. Under the direction of Frank Cheesman, of the voice faculty, they sang a group of six Christmas carols for the concert program.

## 1941 AAA PAYMENT RATES ANNOUNCED

AUBURN, Ala.—The principal change in rates of payments for 1941 AAA program is that of making available a greater share of funds to farmers who carry out approved soil-building practices, according to A. W. Jones, State AAA administrative officer.

The payments for Southern crops based on normal yields of acreage allotments are: Cotton, 137 cents per pound; Peanut, \$2.25 per ton; Commercial Potatoes, 2.3 cents per bushel; Blue-Cured Tobacco, 0.8 cents per pound. These payments are contingent upon the \$500,000,000 appropriation authorized in 1938 Agricultural Adjustment Act, and rates are subject to revision upward or downward based on number of farmers participating.

The 1941 program continues provisions aimed at more soil conservation," Jones said. "There is, for example, the provision extending farmers to plant 5-year conservation programs for their farms such as is being used in Alabama in 1941."

## ONE-THIRD OF ALL VEHICLES EVER MADE STILL OPERATING

More than one-third of all the automobiles and trucks ever produced in the United States are still traveling the highways, Mr. J. B. Turner, vice-chairman of the Alabama Petroleum Industries Committee declares.

Since 1909, he asserts, almost 80,000,000 motor vehicles have been produced by the American automobile industry; prior to that time only a few thousand vehicles were manufactured. Thirty-seven per cent of these vehicles, 30,600,000, were registered and in operation last year, and about 23 per cent of these are estimated to be 10 years or more old.

Although more used motor vehicles are sold each year than new vehicles, the Committee finds that obsolete vehicles are being scrapped at a rate of two to one and one-half million vehicles annually.

## FOR FORTY-THREE YEARS COFFEE COUNTY'S LEADING NEWSPAPER

VOLUME 44

ELBA, ALABAMA, THURSDAY, DECEMBER 20, 1940

Jefferson Albert Carnley, Jr., Young Attorney, Religious And Civic Leader, Died Last Friday

Merry Christmas, and a Happy, Peaceful New Year!

Americans have good reason to put an added ring of sincerity in the familiar old Yuletide greeting this year. We have peace. Therefore, we are still a free people—free to go where we please, free to say what we please, free to manage our government through the representatives of our own free choice.

Of all the major nations in the world, we alone have these things. Let us not underestimate the grave domestic problems which confront us in increasing numbers, some of which in themselves threaten our liberties if we fail to correct them. But so long as we remain free to think, speak and act as sovereign citizens, we will find the right way out of our home-made difficulties.

We shall retain our liberties and freedom so long as we rigidly follow the way of peace. In the year to come we will be tempted many times to tread the path of war. We will be told that it is our duty to save Europe, save the world! But if we keep firmly in mind that our FIRST duty is to save America, we will not be tempted by the invitations to war and the surrender of our most cherished rights—freedom and liberty.

We have war enough on the home front. Particularly at this season of the year let us remember the tragic and shameful accident casualty lists of street and highway and the home. Let us resolve, even as we turn our faces from the destructive fire of war to the constructive pledge of peace, that we shall make free America also safe—safe for those who walk and safe for those who ride.

So let the glad tidings ring out, let it be shouted over and over through the length and breadth of our land, and in the joyous Yule season let us pause to whisper a prayer that the blessings of freedom and peace which we cherish and shall preserve in America, may yet become the heritage of all people everywhere.

Yes, a very Merry Christmas, and a joyous Happy New Year—and a safer America for all.

## FINE CAREER ENDS

Jefferson A. Carnley, Jr.

Jefferson A. Carnley, Jr., prominent young attorney, civic and religious leader of Elba, died at Moody hospital in Dothan late Friday afternoon after an illness of several days. He was stricken with Brill's fever at his home here about three weeks ago and was carried to the hospital Monday morning of last week following complications. News of his passing brought deep grief to hundreds of friends throughout the county.

He was a son of Judge and Mrs. J. A. Carnley and was born in Elba June 21, 1915. He graduated from Elba High School at the age of 14 years and was valedictorian of his class; he attended junior college at Marion Military Institute and graduated with honors at the age of 16; continuing his studies at A. P. L. Auburn, he received a B. S. degree and later an M. S. degree at the age of 19. At Auburn he was a member of the Glee Club and of Sigma Phi Epsilon Fraternity.

Following graduation at Auburn he taught as principal of a Coffee County Junior High School and also as instructor of English in Elba High School.

Mr. Carnley entered the school of law at the University of Alabama in the Fall of 1935, where he won many honors. He was a member of the Phi Kappa Phi Honor Society and graduated with honors. He was given unanimous vote of the judges in a contest sponsored by the Fidelity and Guaranty Company of New York for a paper on "Corporate Insurance Law," and received an award of \$50. He graduated from the law school in May, 1938, and has been engaged in the practice of law in Elba since that time, being one of the most active members of the county bar association.

He was elected Moderator of the Coffee County Baptist Association three consecutive years, which honor he held at the time of his passing. He was president of the Elba B. A. U. and was in the county Brotherhood and Evangelical activities, and a teacher in the Sunday School of the Elba Baptist Church.

Mr. Carnley was president of the Elba Lions Club and on the executive board of the Boy Scout Council. He had been active in many civic enterprises during the past year in addition to his church work. His Christian character, friendly nature, ability and desire to be of service to his fellowman qualified him for the career of leadership upon which he had embarked. His passing will be keenly felt.

Surviving are his wife, Mrs. Sara Lee Carnley, and a small son, Jefferson Albert, III; his parents, Judge and Mrs. J. A. Carnley; three sisters, Mrs. T. D. Kendrick, Elba, Mrs. E. E. Purvis, Jr., Rocky Mount, N. C., Mrs. James E. Folson, Cullman, and one brother, Samuel Pinewood Carnley, of Elba and University.

Funeral services were held Sunday afternoon at two o'clock at the Baptist Church in Elba. Rev. B. R. Justice, pastor, officiating. Burial was in the city cemetery.

Mr. Morgan, son of the late Mr. and Mrs. Pate Morgan, was born and reared in Society Hill, Ala., but had been a resident of Enterprise for the past 40 years. He was a member of the Masonic Lodge.

He is survived by his wife, three sons, R. L. Morgan and J. Eld Morgan, both of Enterprise, and Donald Morgan of Houston, Texas; four daughters, Mrs. W. E. Sintel and Mrs. Earl H. Smith, both of Miami, Fla.; Mrs. J. L. Dunninger and Mrs. Nell Lambert, both of Tampa, Fla.; 12 grandchildren and one great-grandchild.

Funeral services were held Tuesday afternoon at 2:30 o'clock from the First Baptist Church, with Rev. B. R. Justice, pastor, officiating. Burial was in the city cemetery.

Mr. and Mrs. Fred Johnson bought the Vaughan place and likewise they moved to their new location last Friday.

Mr. and Mrs. L. S. Rainer and children, Lamar, Rosie Pat and Freddie, left Sunday for Birmingham, S. C., to spend the holidays with Mr. and Mrs. Faber Kearse.

I AM THE SPIRIT OF CHRISTMAS

The following article, written by H. C. Bryan, appeared in the December issue of Progressive Alabama:

I enter the home of poverty causing pale-faced children to open their eyes wide in pleasurable wonder.

I cause the miser's clutched hand to relax, and thus point a bright spot on his soul.

I cause the aged to renew their youth and to laugh in the old glad way.

I keep romance alive in the heart of childhood, and brighten sleep with dreams of magic.

I cause eager feet to climb dark stairways with filled baskets, leaving behind hearts amazed at the goodness of the world.

I cause the prodigal to pause a moment on his wild, wasteful way, and send to an anxious love some little token that releases glad tears—tears which wash away the hard lines of sorrow.

I enter dark prison cells, reminding scared manhood of what might have been, and pointing forward to good days yet to be.

I come softly into the still white home of pain, and lips that are too weak to speak just tremble in silent, grateful gratitude.

In a thousand ways I cause the weary world to look up to the face of God, and for a little moment forget the things that are small and wretched.

I AM THE CHRISTMAS SPIRIT!

MAKE THIS A HAPPY CHRISTMAS BY DRIVING CAREFULLY

Each day the public press brings to our homes the report of automobile accidents. These accidents are increasing daily.

The automobile has been a great factor in the development of American progress, but today it has almost reached the stage of a deadly weapon which is taking more lives than the World War.

Every day around every church a group of sad-hearted citizens gather to see the battered and mangled body of a member of the family or a friend loved into Mother Earth. The victim of an automobile accident.

A large per cent of accidents are caused by people driving under the influence of liquor. These drivers are very dangerous and should be strictly punished for the dangerous act.

The highway patrol has been a great benefit in preventing many accidents.

Every driver should slow down when passing or moving children along the highway because the child is likely to cross the road unaware of the approaching automobile.

Nothing can be more horrible than to see the crushed body of a child lie in the path of a careless driver.

During the Christmas holidays we should especially be more careful, because the automobile accidents will no doubt increase, because of the many motorists on the highways make it safe for those who travel them.

"Help save a life by driving carefully."

FRED S. WATSON, East Park Avenue, Opp, Alabama.

# Find Indian Fort With Stockade

By Reds Before White Man Arrived.

Military Engineering Used

NEW YORK—American Indians discovered and used some of the modern principles of military engineering long before the coming of the white man, according to Prof. W. Duncan Strong of the department of anthropology of Columbia university in a report archeological studies of the Northern Great Plains of America.

Conducting the first extensive exploration of a prehistoric Indian fort more than 300 years old, Dr. Strong and his associates examined the remains of South Dakota. The construction of the stockade and the surrounding fortifications, it is apparent that the Indians had some knowledge of engineering before their contact with the European settlers, Dr. Strong says.

The design of the fortifications proved to be distinctly Indian in origin. The tribe, which lived chiefly by farming, apparently built the fort as a protection against bands of marauding nomad hunters. The survey of Indian villages in the upper Missouri river valley, where the prehistoric fort was discovered, was made in conjunction with the University of South Dakota.

Moat Around Village

"Approximately 1,500 Indians lived in a village surrounded by wooden stockades and a moat one and a half miles in circumference," Professor Strong reports. "Excavations show that the ditch, which at present is four feet deep, was originally filled with water four feet deep."

The wooden stockades closely resemble the forts built later by the whites. The fortifications built by the settlers had blockhouses jutting from each corner that, because the Europeans possessed efficient tools, enabled the defenders to guard the outside of the walls. Since the arrows of the Indians had a much shorter range than the rifle, the fort constructed by the red men had bastions projecting from the sides of the stockade about every 100 yards so that the Indians could shoot their arrows along the walls.

Two Types of Houses.

"Within the fortification were shallow circular depressions, marked in the places where the earth lodges of the Indians had been. Four of these depressions were excavated to determine the type of houses used. It was found that the inhabitants lived in both a round and a rectangular type of building. They were constructed with a timber framework over which reeds and finally a layer of earth had been placed."

"Absence of any material made by Europeans shows that the village was abandoned before the traders had made their way into the region. Hoes made of the shoulder-blades of buffaloes and chert corn showed that agriculture was practiced. Bones of some animals indicated that hunting and fishing were also important economic activities."

"A second Indian village in the same region was excavated and the iron fish hooks and scraps of brass found in the cache pits prove that the village was occupied after trade with the whites had begun in the Missouri valley. The second village was probably built by the Archaic tribe in the latter part of the Eighteenth century."

Fishing Profits Rise

Off Santa Cruz, Calif.

SANTA CRUZ, CALIF.—War in Europe, return of the salmon and the discovery that shark oil is extremely valuable for medicinal purposes were responsible for making the 1939 Santa Cruz fishing season the most profitable one in 11 years.

Fishermen operating out of Santa Cruz caught \$250,000 worth of fish last year, according to a survey.

War boosted the price of albacore, "the chicken of the seas," from \$9 a ton to \$15. Discovery that the liver of the soup fish shark is richer in vitamin A than that of most other animals or fish resulted in a \$20 to \$37.50 a ton price rise.

MISS ROWE HOSTESS  
TO CARD CLUB

Miss Zedie Rowe was hostess to the members of her bridge club at her home last Wednesday afternoon. A lighted Christmas tree and smilax, pine boughs, cones, leaves and berries made the decorations in a color note of silver and blue in the living room and of red and green in the dining room. The games were contested at two tables where later a refreshment course of sandwiches and candies, emphasizing the Christmas colors, and an iced drink were served.

This meeting of the club marked the end of the several months contest in which Mrs. H. Jeter, Mrs. Ella Boothe and Mrs. Bessie Hutchison were winners of high scores and will be entertained at a later date by the losing side.

Present on this occasion were Mrs. Thomas Ward, Mrs. C. E. Dorsey, Mrs. Bessie Hutchison, Mrs. Ella Boothe, Mrs. H. Jeter, Mrs. J. M. Rowe, Mrs. Roy Ellis, Miss Rowe and one visitor, Mrs. O. W. Hyman, of Dallas, Texas.

## A MERRY CHRISTMAS

Time-worn words, but the most appropriate of them all. When we say "Merry Christmas" you can be sure that it is expressed with genuine appreciation of its true meaning.

The death of "Uncle Pink," as he was familiarly known to nearly every man, woman and child in the community, brings sadness and regret for he was one of the best-loved men of our county. He was friendly and sympathetic and ever true and loyal to his family, his friends and his Lord. One of the outstanding characteristics of his life was his tireless energy and ever-progressive spirit. Years ago he conceived the idea of developing the area which he named "Five Points" and started a small business and station there. He lived to see the area grow into one of the busiest of the community and he did a great deal to cause this growth.

He was a clean living, talking and thinking man and was deeply interested in the welfare of his fellowmen. His family, to whom he was constantly devoted, will always miss him, as will our community.

"Uncle Pink" has gone, but he will leave an asset of value, a name and a personality to be remembered. He filled his place in this life as a good and faithful servant and there can be no doubt but that he enters into his reward over there.

CHRISTMAS PARTY GIVEN IN  
RINGDORF HOME FRIDAY

Mrs. W. M. Ringdorf and Mrs. Lillian Ringdorf were hostesses to the members of the Elba Study Club for a lovely Christmas party in their home on Davis Street Friday afternoon from three to five. The lower floor of the beautiful new home was thrown together and decorated in Christmas theme of red, green and silver. In the living room a Yuletide log decorated with pine cones and branches and Christmas berries, adorned the mantel and lighted logs in the fireplace cast a cheery glow over the setting.

In the dining room the decoration centered around a lighted Christmas tree as the centerpiece of the lace covered table and a snow scene with Santa and his reindeer on the buffet.

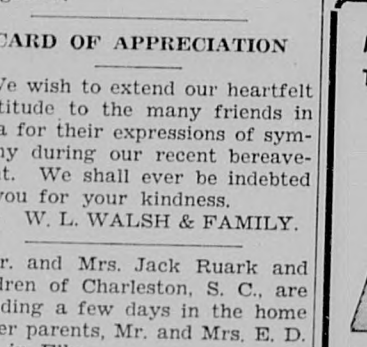

Miss Mabel Brunson, president, presided and called a short business session to make final arrangements for the Christmas tree and to get a report from Mrs. A. C. Dunaway, chairman of the Christmas clean-up campaign. Miss Zedie Rowe, leader of the program, gave short introduction to the theme, after which the club sang Christmas carols which told the story of the first Christmas. Mrs. Lillian Ringdorf gave "Why the Bells Ring" and sang as a solo, "Silent Night," after giving the history of the song.

In connection with the club's "Good Neighbor Tour," Mrs. L. L. Farris gave an interesting discussion of "Christmas Customs in American Countries." "Joy to the World" was sung by the club as the concluding number.

The feature of the social hour was the Christmas tree with a gift for each member. Mrs. R. L. Cooper, Mrs. F. A. Farris and Miss Zedie Rowe conducted a "Musical Christmas Menu" contest with Miss Mabel Brunson winning with Mrs. Lillian Ringdorf as runner-up and Mrs. H. Jeter consolation prize and a "Candle Relay."

At the conclusion of the games the hostesses, assisted by Mrs. L. S. Rainer, served a delicious refreshment course in the Christmas colors which included salad, frosted Christmas tree cookies, miniature red lighted candles in green rumpled holders as favors, and nut coffee.

Present for this beautiful party were Miss Mabel Brunson, Mrs. H. Jeter, Mrs. J. M. Garrett, Mrs. A. C. Dunaway, Mrs. R. L. Cooper, Mrs. L. P. Mullins, Mrs. J. M. Rowe, Mrs. F. A. Farris, Mrs. V. K. He is at present producing and selling about 900 tons of hay, most of which is ground into feed on his farm, and about 3,000,000 seedlings annually.
